DCI/IC 1515-74

28 June 1974

MEMORANDUM FOR: STAT

THRU   :

SUBJECT   :   Use of ☐ by Project KIQ

    1.   The Applications Division of ☐ is supporting the   STAT
IC Staff by developing a computer system called KIQ.   The
system will process data related to the Key Intelligence Ques-
tions Evaluation Process being monitored by the Intelligence
Community Staff for the DCI.

    2.   The computer support system being developed plans to
utilize ☐ to input data over Delta Datas.   Accordingly,
the IC Staff would appreciate priority being given by SED to
any debugging of problems that arise in the development and
use of ☐ In addition, since KIQ will be a continuing
application, it is important that ☐ be available with-   STAT
out interruption during any conversion of CP/CMS from one
computer system to another.

STAT   3. ☐ of the ☐ Applications Division is   STAT
the AD project leader on KIQ.   I am sure he can answer any
questions which you may have concerning KIQ's use of ☐   STAT

                              STAT

                              STAT
